Dear Mr. Vanderpool:

Re: Notice of Revise Mining Operation, Calliham Mine, M/037/023, San Juan County, Utah

The Division received a Notice to Revise the Calliham MRP on September 6, 1990. The Notice briefly describes the addition of a six foot diameter vent hole.

The Notice is incomplete due to a lack of information required for such a revision. Please advise us as to the depth, impacts to groundwater, and method by which the facility will be reclaimed. Approval cannot be made until this information has been submitted.

Please contact me if you have further questions.

Sincerely,

Holland Shepherd  
Reclamation Specialist
